Brodhecker Farms and Andersen Farm Establish New PYO Orchards in Sussex County

Win Cowgill

Professor Emeritus Rutgers University, Win Enterprises International, LLC

Two new apple orchards for PYO are being established in Sussex County, NJ

Phil Brodhecker of [Brodhecker Farm](#) began planting a tall spindle apple orchard last year for PYO customers that have come to love his sunflowers. The apple project will be established over a three planting period ending 2022. A selection of peaches was planted this spring as well.

Multiple apple varieties planted 3' x 12' on primarily G.11, G.41 and B.9. A number of [MAIA](#) varieties are part of the mix.

Brought to you from the 4th generation family
farm of Santo John Maccherone*

- PLU Stickers Available Upon Request
- Low in Calories
- Nutritious and Delicious
- Exceptional Flavor

SANTO SAYS...

"Peaches from Circle M Farms just plain taste better. Their size and color are what your customers want, and their flavor is the icing on the cake.

That's because our orchards are tended with care and attention, and their fruit is left on the tree to ripen naturally until they reach their optimum sweetness. Then they are picked by hand, taste-tested by me to ensure quality, and packed gently into

25 lb. volume boxes for shipping. Single layer cartons are available upon request.

Circle M's 30 varieties of peaches and nectarines are known for their sweetness and their luscious color. They look as good as they taste.

Discriminating customers appreciate our white flesh peaches because of their lower acid levels and supremely sweet taste.

Add it all up: Peaches from Circle M Farms are fresher and sweeter, picked by hand when their time has come, and packed with care for a longer shelf life.

Yellow, white and donut peaches and yellow and white nectarines are available early July to late September."
