New Teflon-coated, Yellow, High-tensil Trellis Wire

This new trellis wire is available only from Adams Coutny Nursery. It reflects the sun and does not heat up and stretch as much as normal high-tensile wire. It also is very visible so pruners are less likely to accidently cut it.

THE PICKIN' IS EASY WITH THESE MACHINES

MUNCKHOF The Munckhof Pluk-O-Trak

Increase Fruit Quality up to 60%
Fill large bins without bruising fruit

Push Button Controls
(see below right enlargement)

Sort the Fruit
Presort bin for culls
